LETTER OF RECOMMENDATION

I am extremely happy to recommend **SRI VENKATA KOUSIK RAJA MUKKAVALLI** for graduate studies at your esteemed university. I have known him for the past three years of his bachelor degree program, where I am The Head of Department, Electronics and Communication Engineering.

I have also evaluated his Mini Project titled 'PRINTED CIRCUIT BOARD ASSEMBLY PROCESS' where I was an internal examiner. This has given me enough opportunity to assess his sincerity, involvement towards studies. He has sound fundamental knowledge of the subject, which has given and will continue to give him a clear edge over his classmates. I have noticed that he is very innovative in thoughts and actions and his extraordinary ability to analyze problems and come up with truly brilliant solutions are astounding. His desire in pragmatic approach can be observed through his academic laboratories where he always scored outstanding grades.

The strength in him that impressed me a lot is the fact that he is a prolific writer of technical papers. Having presented paper on NANO SCALE MAGNETO INDUCTIVE COMMUNICATION and won in various National Level Technical Symposiums, he has gained immense insights into wide-ranging areas. This experience, while directly enhancing his knowledge in these areas, has benefited him immensely by way of exposure to the latest happenings in the fields.

Kousik has also been involved in various co-curricular activities. He introduced SMART STUDENT, a Youtube channel which has the lectures delivered by him and his friends. He is a member of ACME [Association for communication Majors and Enthusiasts] an innovative club of ECE department where novel ideas in the field of Electronics and it's allied areas are promoted.

Considering his overall achievements and academic distinctions, I place him among the top 5% of the students associated with me in recent years. His dedication towards higher studies, quest for knowledge and his intellectual abilities impel me to **strongly recommend** him to the graduate program in your esteemed university with possible financial aid.

P.V. RAMANA
